Smile for You

Smiling is infectious, you catch it like the flu,
When someone smiled at me today, I started smiling too,
I passed around the corner and someone saw my grin
When he smiled I realised I'd passed in on to him.

I thought about that smile, then I realised its worth
A single smile, just like mine, could travel round the earth.
So, if you feel a smile begin, don't leave it undetected
Let's start an epidemic quick and get the world infected.

Demonstration in September with Penny Stone - "Thanks for the Memory"

Mable Nichol 1911- 2011

Mable was a past Chairman of Costessey Flower Club. She joined us on her retirement as Matron at Wymondham College way back in 1972 (not quite a founder member).

She loved her garden and although tiny, it was packed with plants. In the early days we held regular "Plants Stalls" selling our cuttings and seedlings and Mable was always keen to help with these.

Five members of our Club went to a special meeting at The Friends Meeting House in Norwich in memory of Mable. Fellow Quakers stood and recounted parts of Mable's life that they had been involved in. She was very special to lots of them.

As a tribute to her we arranged flowers from the garden with lots of our foliage to decorate The Meeting House. As the Memorial meeting coincided with "Heritage weekend" where lots of buildings were opened to the public, Costessey Flower Club's flowers were on show to mark the life of a lovely lady who would have been 100 years of age later this year.
